

Student athletes must meet the academic requirement in order to try out for the team. For fall sports, 4th quarter grades will be checked.

Grades will be checked at Progress Reports and Report Cards. Student athletes are expected to maintain a C or 2.0 GPA among all their classes combined, without any F's. Failure to do so will result in a suspension from the team. Following a one week suspension for Progress Reports, or a two week suspension for Report Cards, students will become eligible if they have achieved the grade requirement. If the student cannot attain a passing grade within the suspension period, he/she will be given an additional week. After the third week, students will be dismissed from the team if they haven't met the academic requirements.
